Health, Luxury, and Economy, MAY BE SECURED BY HAVING YOUR FEATHER BEDS RENOVATED.

THIS is done by a Steam Process, patented
Aug. 6th, 1867, and not only makes them
clean and wholesome, which prevents sickness,
but relieves each fibre from its matted condition,
increasing the bulk of the bed oftentimes one-
half, thereby rendering them more luxurious.
In fact is everything essential to old or new
FEATHER BEDS.

Destroying all moths, or liability to them, re-
moving all disagreeable scent, (common among
new feathers,) and all gummy and glutinous
substance from the quill; thereby preserving
them from the effects of long usage.

We would, therefore, say to the citizens of this
place that we are among them for a few days, to
render them an essential benefit. Our facilities
are such that, upon being ordered to do so, we
can take and return beds the same day, well
renovated and ready for immediate use, for \$2
per bed, including pillow and bolster, if suitable
to run with the bed.

Any one who has the best or poorest, new or old,
provided they are these or Duck Feathers. We
warrant satisfaction or make no charge.
